

Counties Against COVID Chaos Coloradans Will Be Holding Their County Officials Accountable to Re- Open Businesses 100%

Douglas, El Paso, Jefferson & Larimer Counties, CO: Citizens of four counties announced that they will be hosting concurrent events in these counties to re-open businesses in Colorado completely and normally on **Sunday, September 27, 2020 at 3:00-5:00 PM**. These events are to gather hundreds and even thousands of citizens together in each county to hear about patriotism and the meaning of government of, by and for The People, followed by the reading of a resolution asking their County Commissioners and Health Department Director & Board Members to re-open their counties.

These citizens contend that given the data and statistics for their counties, there is NO emergency and therefore NO reason for businesses to remain restricted from operating at FULL CAPACITY with NO RESTRICTIONS!

Speakers will include: a collection of candidates, as well as former and sitting officials, radio personalities and politically-involved citizens, including:

- Greg Lopez (former Mayor of Parker & Current Gubernatorial Candidate)
- David Casiano (former Mayor of Parker)
- Kristi Burton Brown (constitutional lawyer and co chair for state Republican Party)
- Samantha Koch (House District 1 Candidate)
- Don Overcash (Loveland City Councilman)
- Karen Kataline (commentator, columnist & talk show host)
- Kevin Lundberg (former Colorado Representative & Senator)
- Jessica Joy (activist against censorship, pornography, and the subversive liberal takeover of our cities)

Exact locations will be announced by 10:00 AM on 9/27, the day of the events through:
