

Headed to a rally near you?

Use this opportunity to spread the word to like-minded citizens about MAFA!

I recently did just this at an event near me with very favorable results, and you can too! Here's **TEN TIPS to make a real impact:**

1. Print more MAFA fliers than you think you'll need (go to the "Take Action" tab on MAFA website)
2. Make a sign to hold with Make Americans Free Again.com on it, so you can be easily located
3. Arrive early and hand out fliers as people arrive, one per family.
4. Look each person in the eye and smile.
5. *Don't* ask the person if they'd like a flier. Instead, say, "Did you get one of these?"
6. *Don't* hand fliers to people who are merely observing on the outskirts. Focus on people who are obviously like-minded.
7. To cover more ground, work with a team and divide into groups to distribute during event.

If you have the opportunity to speak publically:

8. Keep the length short and central point clear.
9. Believe in your message and speak with conviction!
10. Repeat the website address several times during your presentation.

Here's a template of a simple 90-second plug for MAFA:

"Thank you for this opportunity. I am so thankful to see all of your faces. And if you're been like me, wondering what an ordinary person can do, I want to share with you this movement, which is *Make Americans Free Again.com*. This is a national movement unlike anything I've seen before. I encourage you to go and read their statement, which focuses on one issue right now: mandated vaccines.

If that is a concern to you...that you would be forced (or maybe your children be forced) to take a vaccine against your will, then you are going to want to see this website, *Make Americans Free Again.com*. We have so much power if we will simply use it and unite together. We can do this together. Please share it with everyone you know...it's going to take a coalition of us to make a change. Thank you."
