

Updates to the Ohio Stands Up! lawsuits and the unconstitutional COVID-19 response

“The tyranny resulting from the greatest fraud ever perpetrated on the American people has necessitate we expand our fight.”

10/14/2020, Toledo, OH – As governors and municipalities continue to take unjustified actions to “protect” people from a disease roughly as dangerous as the yearly flu, Ohio Stands Up! and Make America Free Again have partnered to assist other states in fighting for freedom. Through that partnership, OSU! and MAFA, in conjunction with Attorneys Renz and Gargas are truly honored to announce that they will be working with two amazing patriot attorneys in New Mexico to bring a second similar suit there.

Attorney Thomas Renz said, “Every day I get hundreds of emails and phone calls from around the country with people begging for us to help them. We have been working very hard to do so and are taking an important step in making it happen.”

Attorneys Renz and Gargas will be working with attorneys N. Ana Garner and Jonathan Diener to attempt to free the people of New Mexico. “It is truly an honor for OSU! to work with the people at MAFA to facilitate this happening in New Mexico. We cannot wait to make the same thing happen in every state in the union,” said Renz
